

Academy for Educational Studies Missouri State University

2008 Membership Invitation

The Academy for Educational Studies at Missouri State University was established in the spring of 2005 with the purpose of supporting serious dialogue about educational theory and practice. The Academy's "ground breaking ceremony" took place at its first annual conference in the summer of 2005. Pursuant to growing the Academy, we invite all who have an interest in the work of making educational policy and practice better to become Academy members. Your \$30 membership fee and your participation will be the seeds for growing the Academy into what we hope will be a substantial intellectual vehicle for discussing and improving educational practice nationwide.

What your membership will get you: As a member of the Academy you will receive the following benefits...

1. a semi-annual Academy Newsletter detailing what the Academy is "up to" as well as some thoughtful commentary on various educational issues
2. a 10% discount on the annual conference registration fee (for the following year)
3. a 10% discount on Academy publications (the first of which is *Why Kids Hate School* based on papers from the 2006 annual conference.)
4. opportunities for support with writing/research
5. opportunities for networking via other Academy events and Academy web site
