

## Academy for Educational Studies

### 2009 – 10 Membership Invitation

The Academy for Educational Studies was established in the spring of 2005 with the purpose of supporting serious dialogue about educational theory and practice. The Academy's "ground breaking ceremony" took place at its first annual conference in the summer of 2005. Pursuant to growing the Academy, we invite all who have an interest in the work of making educational policy and practice better to become Academy members.

**Those attending the annual Critical Questions in Education conference will have the membership fee included as part of the conference fee.** Those not attending the conference can still become members of the Academy. Your \$30 membership fee and your participation will be the seeds for growing the Academy into what we hope will be a substantial intellectual vehicle for discussing and improving educational practice nationwide.

**What your membership will get you:** As a member of the Academy you will receive the following benefits...

1. Regular news updates detailing what the Academy is "up to"
2. a 10% discount on the annual conference registration fee (for the following year)
3. a 10% discount on Academy publications (the first of which is *Why Kids Hate School* based on papers from the 2006 annual conference. It will be available for purchase at the 2007 conference.)
4. opportunities for support with writing/research
5. opportunities for networking via other Academy events and Academy web site
