

# PLAY THERAPY GRADUATE CERTIFICATE

**Learn to help children express themselves  
through the power of play**

Learn how to:

- help children express their emotions, memories, and plans through their most natural language, PLAY.
- apply play therapy techniques to aid in counseling not only with children, but also with their parents, adolescents, adults, and individuals with disabilities.
- coordinate group counseling sessions through play.
- apply play therapy techniques in the school and clinical settings.
